Technical Information

Frequency Response (Hz - kHz)	20 Hz - 20 kHz
-------------------------------	----------------

Physical Description

Microphone	Yes
Color	Blue

Additional Info

Brand	1MORE
Impedance (ohm)	32ohm
Plug Type	3.5mm Jack
Weight (gm)	13gm

Feature

SUPERIOR DESIGN - The Piston Fit strikes an ideal balance of function and form. Comfort is perfected by 45 oblique angles to perfectly match your ear canals. The drivers dual layer diaphragm consists of aerospace grade titanium for fast response and high end clarity, and PET polymer for dynamic mids and deep bass. Aluminum Alloy body with Kevlar Core Cable - Anodized iPhone colored surfaces are fingerprint resistant and made to last. The piston shaped body is extremely lightweight and durable. The cable consists of interior enameled copper wrapped around Kevlar fiber to greatly increase durability and is coated with TPE for softness and comfort, Health conscious comfort and sonic balance - Our lightweight piston design fits comfortably in your ears. Beyond comfort, the snug fit increases noise isolation, fullness, and bass. 1MORES commitment to a naturally balanced sound, without the harsh bass and treble boosting prevalent with other brands, produces a fully satisfying listening experience without the need for unhealthy volume levels. We truly want you to hear what your favorite artists intended you to hear while protecting your ears, Android Phone Control, Lightweight, Microphone Feature, Noise Isolation, Universal Phone Control, Volume-Control, iOS Phone Control, Fashion Color Options
