

## Netgear GS728TX 28-Port ProSafe Gigabit Stackable L2 Managed Switch (2-10G Cooper + 2-10G SFP Port)

Product Id: 29.05.034.24

Regular Price 45,030

**Special Price 43,000**

### SPECIFICATIONS

Model	Netgear GS728TX
Type	ProSafe Gigabit Stackable L2 Managed Switch
Port	28 Port
Data Link Protocol	IEEE 802.3ad - LAGs, 802.3x, 802.1D, 802.1w, 802.1s, Layer 2 DHCP Relay
Data Transfer Rates	10/100/1000
Memory	12Mb
Form Factor	Rack Mountable
Others	Number of 10G Ports: 4 Dedicated (2 Copper and 2 Fiber), Max MAC entries: 16K, VLAN: 256, Number of LAGs & members: 26 LAGs with max 8 member in each LAG, Number of priority queues: 8, Stacking bandwidth: 40G bi-directional, Internal/External Power Supply: Internal, Max Power Consumption (Watts): 28.18w, Number of FANs: 1, Acoustic Noise Level 25C (dBA): 40, MTBF: 278,559 hours, Weight: 3.14Kg, Dimensions: 440 x 257 x 43mm
Specialty	Gigabit Stackable Smart Switch (24 GE ports, 4 10G ports), 28-Port ProSafe Gigabit Stackable L2 Managed Switch (2-10G Cooper + 2-10G SFP Port), Most Flexible and Cost-Effective Migration path to 10G, Enhanced and Powerful, Setting New Standards for a Future Proof Network, Powerful Platform to Support Demanding Applications, 2 Dedicated SFP+Fiber uplinks/stacking ports, 2 Dedicated 10GBASE-T uplink/stacking ports, Now stacking with 10G switches, Stacking with up to 6 switches and 40G bi-directional bandwidth
Warranty	Product life time
